

## PULSA 40P+

### PRODUCT DESCRIPTION

- New and enhanced cordless gas nailer for drywall applications into concrete, steel & masonry

### PRODUCT PROMISE

The fastest, most durable and reliable tool for drylining first fix.

### FEATURES AND BENEFITS

- Work more, charge less with a battery capacity of 3500 shots per charge
- Reliability you can count on with an extended 3 years warranty
- Maximise Productivity - 8 times faster than traditional methods of fixing
- Increased Power - An excellent stick rate in the hardest materials and up to 16% more powerful with gas technology.
- Light Tools Make Light Work - Up to 10% lighter than battery motor alternatives
- Slim and streamlined - Compact to access the tightest locations and benefit from a great line of sight.
- Start & Go Technology - Saving you energy to work throughout the day without interruption
- On Site Tool Maintenance - easy to self maintain on site with minimal downtime

### APPROVALS

### APPLICATIONS

- Direct fixing of drywall track into concrete, steel & masonry.
